At the end of the term you will be asked to write a short comment about yourself concerning the criteria mentioned above and to give yourself a corresponding mark. I will add my comments to your version and also provide a mark. If the two marks do not diverge more than half a grade, mine will be relevant. If the divergence is more, a short private talk will have to settle the matter.

Attention: Your comment has to be with me at the assigned date latest (paper or email). It has to be detailed including to the criteria mentioned above.
